

THE SCIENCE FAIR MENTOR PROGRAM FOR K-12 TEACHERS

Sign up for the Science Fair Mentor Program to receive a mentor in your classroom once a week for one hour! Mentoring starts November/January through April 2025.

Mentors are ready to help your students brainstorm, plan, and develop their science projects for the New Haven Science Fair in May 2025.

MENTORS WILL:

- Facilitate brainstorming sessions that spark ideas and innovative thinking
- Guide students through scientific processes related to their projects
- Identify knowledge gaps and areas for project improvement
- Create a plan and tasks towards meeting project goals
- Coach students on presentation skills and tri-fold board organization

If you are a new or established teacher seeking extra support for your students in preparation for the Science Fair - sign up below!
